

Q1-7 &  
Q9-15 (should be clear from graded exam paper)

Q8

```
.data
outputLabel: .asciiz "789/10 has a truncated quotient of "
period:      .byte  '.'

.text
.globl main

main:
    li $t1, 789
    li $v1, 10
    li $v0, 4
    lwla $a0, outputLabel
    syscall
    div $t1, $v1
    li $v0, 1
    mfmflo $a0
    syscall
    li $v0, 11
    move $t0, period
    sllb $a0, 0($t0)
    syscall

    li $v0, 10
    syscall
```

*Note:* These intend to display the character  
'.' in memory labeled period.
